## Blade 3000 Smart Sunglasses – Prosumer

COMING  
2ND HALF 2017

### For work and play – the Vuzix Blade 3000 are the first Smart Sunglasses featuring advanced waveguide optics for hands-free mobile computing and connectivity.

Perfect for any user, the Blade 3000 delivers enhanced functionality for your on-the-go, hands-free, mobile computing requirements. Now you can stay connected and navigate without taking your phone out your pocket. Ideal for mobile applications – from social media such as Facebook to navigation, augmented reality, HD photography and video recording. Use the Blade to track your health levels for

fitness activities like jogging, biking and skiing.

The Vuzix Blade 3000 Smart Sunglasses are completely untethered, and support both wireless Wi-Fi and Bluetooth interfaces. And they deliver a

“hands free” digital world, providing unprecedented access to location connected information, data collection and more. The private, see thru, full color, bright, high resolution big screen performs both indoors or in sunlight. The Vuzix Blade 3000 – your very own wearable, mobile personal computer.

*Provides mapping and distance to hole data*

*Access to location aware travel information*

**View the Future Through Vuzix' Blade 3000 Waveguide Optics**

# Blade 3000 Smart Sunglasses for work and play
