

Agilent J1518A Retractable Keyboard Kit

Data Sheet

Store your rackmounted keyboard and mouse when not in use

The J1518A retractable keyboard kit can be used in all Agilent racks. It can accommodate any standard keyboard and a mouse and can be used in a rack with a front door.

The retractable keyboard shelf slides into the rack when not in use and, when retracted, does not extend from the rack.

Features

- Easy installation
- Smooth edges
- Fits all standard keyboards

Specifications

- EIA Units: 2 units
- Materials: Base is 13-gauge cold-rolled steel; sliding tray is 16-gauge, cold-rolled steel
- Weight: 12.9 kg (28.5 lbs)
- Supported weight: 22.7 kg (50 lbs)
- Color: Quartz gray

Installation

Install brackets to rear columns. Glide the shelf into place and secure with two front, decorative screws.

Warranty

Three year replacement

Agilent Technologies

Agilent Technologies' Test and Measurement Support, Services, and Assistance

Agilent Technologies aims to maximize the value you receive, while minimizing your risk and problems. We strive to ensure that you get the test and measurement capabilities you paid for and obtain the support you need. Our extensive support resources and services can help you choose the right Agilent products for your applications and apply them successfully. Every instrument and system we sell has a global warranty. Support is available for at least five years beyond the production life of the product. Two concepts underlie Agilent's overall support policy: "Our Promise" and "Your Advantage."

Our Promise

Our Promise means your Agilent test and measurement equipment will meet its advertised performance and functionality. When you are choosing new equipment, we will help you with product information, including realistic performance specifications and practical recommendations from experienced test engineers. When you use Agilent equipment, we can verify that it works properly, help with product operation, and provide basic measurement assistance for the use of specified capabilities, at no extra cost upon request. Many self-help tools are available.

Your Advantage

Your Advantage means that Agilent offers a wide range of additional expert test and measurement services, which you can purchase according to your unique technical and business needs. Solve problems efficiently and gain a competitive edge by contracting with us for calibration, extra-cost upgrades, out-of-warranty repairs, and on-site education and training, as well as design, system integration, project management, and other professional engineering services. Experienced Agilent engineers and technicians worldwide can help you maximize your productivity, optimize the return on investment of your Agilent instruments and systems, and obtain dependable measurement accuracy for the life of those products.
