

Agilent E4463B Front Door, 2.0 m Plexiglas

Data Sheet

Attractively secure rackmounted equipment

An attractive, transparent, smoke-colored Plexiglas front door gives a consistent appearance to the rack and is lockable to control access to the instruments and peripherals mounted in the rack.

Features

- Can be installed to hinge on either the right or the left side for maximum flexibility
- Provides 64 mm (2.52 in) of space to accommodate instrument front panels
- Does not interfere with access to the optional master power switch
- Attractive quartz gray color
- All mounting hardware included

Specifications

- Material: Cold-rolled steel
- Weight: 10.8 kg (24 lbs)
- Color: Quartz gray
- Height: 1825 mm (71.9 in)
- Depth: 60 mm (2.4 in)
- Width: 513 mm (20.2 in)

Installation

Attach the hinges and the latch to the front door assembly. Remove the side panels from the rack, attach the hinge brackets, and attach the front door to the rack. Reinstall the side panels.

Tools required for installation:

- Torx T25 screwdriver
- Crescent wrench for M3 nut
- Crescent wrench for M5 or 10-32 x 0.5 in nut

What you get in the box

- Door assembly with Plexiglas window
- Mounting hardware
- Installation instructions

What changed

Replaces: E4462A

- Color changed from parchment white to quartz gray

The E4463B can be used with:

- E3662B – Agilent 1.6 m rack

Related Products

Other door sizes are available:

- E4460B – Agilent 1.1 m front door
- E4461B – Agilent 1.3 m front door
- E4462B – Agilent 1.6 m front door

Warranty

Three year replacement

Agilent Technologies

Agilent Technologies' Test and Measurement Support, Services, and Assistance

Agilent Technologies aims to maximize the value you receive, while minimizing your risk and problems. We strive to ensure that you get the test and measurement capabilities you paid for and obtain the support you need. Our extensive support resources and services can help you choose the right Agilent products for your applications and apply them successfully. Every instrument and system we sell has a global warranty. Support is available for at least five years beyond the production life of the product. Two concepts underlie Agilent's overall support policy: "Our Promise" and "Your Advantage."

Our Promise

Our Promise means your Agilent test and measurement equipment will meet its advertised performance and functionality. When you are choosing new equipment, we will help you with product information, including realistic performance specifications and practical recommendations from experienced test engineers. When you use Agilent equipment, we can verify that it works properly, help with product operation, and provide basic measurement assistance for the use of specified capabilities, at no extra cost upon request. Many self-help tools are available.

Your Advantage

Your Advantage means that Agilent offers a wide range of additional expert test and measurement services, which you can purchase according to your unique technical and business needs. Solve problems efficiently and gain a competitive edge by contracting with us for calibration, extra-cost upgrades, out-of-warranty repairs, and on-site education and training, as well as design, system integration, project management, and other professional engineering services. Experienced Agilent engineers and technicians worldwide can help you maximize your productivity, optimize the return on investment of your Agilent instruments and systems, and obtain dependable measurement accuracy for the life of those products.
