Low Ohmic Thick Film Chip Resistors

MCR Series < General Purpose >

●Features

1) Very-low ohmic resistance from 47mΩ is in lineup by thick-film resistive element.
2) ROHM resistors have obtained ISO9001 / ISO / TS16949 certification.
3) "Automotive" product is AEC-Q200 compliant.

∗Marking method of MCR03
The description of markings on the chip resistor are as shown below.

① Marking method :

・For the resistance value contained in E96 series.
The nominal resistance is expressed in 3 digits. The first 2 digits is symbol to the resistance value and the last one is symbol to multipliers.

Example : 100kΩ = 01d (01d→100×10^3 = 100,000Ω = 100kΩ)

Example : 3.01kΩ = 47b (47b→301×10^1 = 3010Ω = 3.01kΩ)

・For the resistance value not contained in E96 series and contained in E-24 series.
The marking is expressed by E-24 series in 3 digits and one short bar under the last marking letter.

Example : 390Ω = 39<u>1</u>

The Products specified in this document are not designed to be radiation tolerant.

While ROHM always makes efforts to enhance the quality and reliability of its Products, a Product may fail or malfunction for a variety of reasons.

Please be sure to implement in your equipment using the Products safety measures to guard against the possibility of physical injury, fire or any other damage caused in the event of the failure of any Product, such as derating, redundancy, fire control and fail-safe designs. ROHM shall bear no responsibility whatsoever for your use of any Product outside of the prescribed scope or not in accordance with the instruction manual.

The Products are not designed or manufactured to be used with any equipment, device or system which requires an extremely high level of reliability the failure or malfunction of which may result in a direct threat to human life or create a risk of human injury (such as a medical instrument, transportation equipment, aerospace machinery, nuclear-reactor controller, fuel-controller or other safety device). ROHM shall bear no responsibility in any way for use of any of the Products for the above special purposes. If a Product is intended to be used for any such special purpose, please contact a ROHM sales representative before purchasing.

If you intend to export or ship overseas any Product or technology specified herein that may be controlled under the Foreign Exchange and the Foreign Trade Law, you will be required to obtain a license or permit under the Law.
