

MOUSE-TRAK™ Industrial Desk Top

Product Description

The ITAC Systems Industrial Desk Top (IDT) trackball controller is a heavy duty computer control and pointing device manufactured with superior materials to endure the most stringent environments and use applications. Conformal coating on the Industrial unit PCB protects against caustic and conductive contaminants. Stainless steel shafts and bearings and super strong glass filled Xenoy™ thermoplastic housing construction make this unit extremely durable. The IDT is tough enough to withstand the most difficult tasks, but it is also designed to significantly reduce the effects of common repetitive stress injury (RSI) syndrome caused by wrist and elbow powered mouse devices. As much as a 60% improvement in RSI can be realized with use of the IDT. Integrated hand support virtually eliminates the threat of carpal tunnel injuries as well. IDT provides high speed, accurate and highly precise operation under the most challenging conditions.

Product Features

- No driver installations required. Uses native drivers from the OS
- Xenoy™ 6240 glass reinforced polycarbonate housing
- Precision cast phenolic resin ball
- Stainless steel bearings
- Dual speed selector toggle for changing between Precision Pointing Mode and Speed Mode at the touch of a button
- Made to withstand harsh environments and heavy usage
- Supplied with either 5 or 8 foot cable depending on interface
- Key functions selectable such as Right hand/Left hand, Double click and Click/ Drag operations
- Industrial black color

Market Applications

- Industrial
- Commercial Marine
- Medical
- Government & Military
- Geospatial
- Automotive
- Aeronautics
- Energy Distribution & Production
- Communications & Call Centers

MOUSE-TRAK™ Industrial Desk Top

Product Details:

Unit Exterior

Case is textured Xenoy™ 6240/5220 glass reinforced polycarbonate

Outer casing is UL 94HB Flame Class Rated (3)

Trackball is cast phenolic resin

Hand rest pad is Grade 5800 flexible PVC

Unit Interior

Shafts and ball bearings are 440 Hardened Stainless Steel RC 50-55

Entirely RoHS Compliant

Conformal coated PCB resistant to liquids, moisture and dust. Optional dust ring may be equipped for excessively harsh, debris filled industrial environments

Switches rated at 1,000,000 minimum actuations

MOUSE-TRAK™ Industrial Desk Top

Product Specifications:

Functional	
Resolution	192 counts per full Revolution
Input Switches	4
Buttons	Left Key
	Right Key
	Middle Key
	Speed Toggle/*Scroll Toggle (*On Scrolling Model)
Available Interfaces	USB, PS/2 Mouseport 9 Pin Serial, SUN
OS Compatibility	Windows 98, 2000, 2003, XP, 7 Linux supporting USB Devices MacOS ver 8 and above
Cable Length	96 inches (2.4 meters)
Power Consumption	(TBD)

Mechanical	
Dimensions	Length: 7.93 inches (201.5mm) Width: 4.20 inches (106.7mm) Height: 2.30 inches (58.4mm)
Weight	17.5 oz (496 grams)
Body Material	Xenoy™ 6240/5220 Polycarbonate
Ball Material	Cast Phenolic Resin
Ball Hardness	Rockwell H85
Ball Load	25 lbs (11.3 Kilograms)
Handpad	3.5" x 2.5" flexible PVC
Ball Speed	Operator controlled

Environmental	
Operating Temp	-25°C to +65°C Minimum
Storage Temp	-25°C to +85°C Minimum
Humidity	45% to 85% (5° to 35°C)

Compliance	
1	RoHS
2	FCC Part 15
3	EU DoC

Options/Accessories	
Dust Ring	User installed for harsh environment applications

INTERFACE	MODEL NUMBER	FEATURES
USB	B-USID-XROHS	Reference
USB	B-SCRIN-XROHS	Scrolling
USB	B-SFUSB-XROHS-FW0001	BAE SOCET SET
USB	B-SFUSB-XROHS-FW0002	BAE SOCET GXP
PS/2, MOUSEPORT	B-MPIND-XROHS	Assignable Buttons
9 PIN SERIAL	B-9PIND-XROHS	Assignable Buttons
SUN	B-SUNID-XROHS	Assignable Buttons

Interface	USB
Connector	4-pin USB A
Pin Assignments	Pin 1 = +5 VDC Pin 2 = Data - Pin 3 = Data + Pin 4 = Ground

Interface	PS/2 Mouseport
Connector	6-pin Mini-Din Male
Pin Assignments	Pin 1 = PS/2 Data (DAT) Pin 2 = No Connect Pin 3 = Signal Ground (GND) Pin 4 = +5V DC Pin 5 = PS/2 Clock (CLK) Pin 6 = No Connect

Interface	9 Pin Serial
Connector	9-pin Mini-Din Male
Pin Assignments	Pin 1 = Data Carrier Detect Pin 2 = Receiving Data Pin 3 = Transmitted Data Pin 4 = Data Terminal Ready Pin 5 = Signal Ground Pin 6 = Data Set Ready Pin 7 = Request to Send Pin 8 = Clear to Send Pin 9 = Ring Indicator

Interface	SUN
Connector	8-pin Mini-Din Male
Pin Assignments	Pin 1 = Ground Pin 2 = Ground Pin 3 = +5 Pin 4 = Mouse Pin 5 = Keyboard Receive Pin 6 = Keyboard Transmit Pin 7 = PWRN Pin 8 = +5

MOUSE-TRAK™ Industrial Desk Top
