

● Features:

1. Constant current supply: 180mA (at 33 V DC, max.)
2. Input power: 5 W.
3. Chip material: InGaN.
4. Emitted color: White.
5. High lumen output.
6. High light output efficiency (lm/w).
7. Excellent thermal management: Self-mounted on Al MCPCB.
8. Easy to be assemblies with heat sink.
9. Long life (if the temperature of the Al MCPCB (Ts) is kept under 50
