

Compact PCI

200 – 650 Watt High Density Power Supply

- 200W to 650W in 3U & 6U form factor
- Universal AC input with PFC
- 48V & 24V DC input models available
- OR-ing FETs for N+1 parallel operation
- Active load current share
- International regulatory approvals
- Ruggedized units available
- PICMG 2.11 compliant
- RoHS compliant
