

- through-hole or SMD
- 50mA/24VDC
- single pole/momentary
- 10.000.000 operations lifetime
- IP67 sealing
- temp. range: switch:-40/+160°C  
LED: -30/+85°C  
solid keycap: -40/+65°C  
transparent keycap: -40/+85°C
- actuation force: 2.0, 3.5, 6.5 N

Technical drawing of a rectangular plate with a central slot. The plate has overall dimensions of 14,3 x 14,3. The slot is 12,50 wide and 7,62 deep. The detailed view shows the slot's profile with dimensions 1,2, 2,5, and 3.

The technical drawing on the left shows a square plate with a side length of 14.3 mm. A circular hole is centered within the square. The wiring diagram on the right shows a circuit with two 2.5 mm² conductors, a switch, and a fuse. The dimensions for the wiring are: 12.50 mm for the horizontal distance between the conductors, 7.62 mm for the vertical distance between the conductors, and 1.2 mm for the distance from the switch to the fuse. The fuse is labeled 2.5+.
