

SW12 Staticide® Anti-Static Wipes

One-step solution for cleaning and static control.

Staticide® wipes are the ideal anti-static applicator for keeping electronics and equipment clean and static-free. Staticide® wipes have the same long-lasting protection against static as our Staticide® topical liquids, but offer a one-step cleaning and static control solution.

Unlike some anti-stats, Staticide® topicals and wipes are not dependent on humidity to be effective. Staticide® will meet MIL-B-81705 for static decay even in dry conditions and low humidity. Staticide® is safe to use around electronics and since Staticide® will prevent dust buildup and dust attraction, computer and laptop screens will keep clean longer just by wiping the plastic housing (avoid wiping directly on screen). Staticide® wipes can also be used on industrial machinery and parts, and they are great to use in tight spaces.

Staticide® Anti-Static Wipes: The protection of Staticide® in the convenience of a wipe.

Instructions:

Tear open a 2" foil packet, unfold the Staticide® wipe, and polish surface for maximum cleaning and static control. If streaking occurs, allow tow-lette to partially dry and re-wipe surface. Avoid using on computer screens.

Product #SW12 24 individually wipes per box; 12 per case

Product #2450 450 individually wrapped wipes per case (no retail packaging)

Note: In the state of California, Staticide® wipes are for industrial purposes only

Material Safety Data Sheets are available at www.aclstaticide.com.

- ❖ Available in bulk packaging for less waste
- ❖ Ideal for use on hard surfaces such as plastic
- ❖ Long-lasting
- ❖ Low VOC
- ❖ Non-toxic & biodegradable
- ❖ Prevents dust attraction
- ❖ Safe for all electronic equipment
- ❖ Size: 5" x 8"
