

# BlueStor™

## 5 Slot PCIe x8 Extender

The **BlueStor™** 5 Slot x8 PCIe Extender is an ideal solution for adding multiple PCIe peripherals to your existing system. The Enterprise-class 5 Slot x8 PCIe Extender features four high-velocity hot-swappable cooling fans, dual 620W (N+1) hot-swappable power supplies, an external PCIe connector for cable connection to a PCIe X8 host controller and a 5-slot PCI Express (PCIe) backplane providing expansion ports for any compatible user-installed PCIe cards. The five PCIe slots are x8 electrical and x16 physical PCIe 2.0 slots.

The five PCIe x8 slots may be used for any PCIe compatible cards including NICs, HBAs, RAID controllers, etc. The **BlueStor™** 5 Slot x8 PCIe Extender essentially extends your host server's PCI Express bus outside the server, providing additional slots for any application.

### Features:

- Five PCIe 2.0 x8 Slots
- Dual Port PCIe x16 Host Adapter
- Support for PCIe devices requiring Auxillary PCIe power

\*Based on current drive capacities

### Rack Mount Specifications

#### Dimensions/Weight

Weight	21 lbs. (9.52 kg) (excluding drives)
Height	5.21" (3U) (132 mm)
Width	19" (483 mm)
Depth	21" (486.2 mm)

#### Power Supply (includes internal cooling fan)

Quantity	1
Power	620 Watts each (N+1)
Input	100-260 VAC; 50-60 Hz
