

# BarcoGraphics 6400

The BARCOGRAPHICS 6400 is a compact yet high performance digital projector for integration in boardrooms, auditoriums and conference rooms, training and education centers, point-of-sale applications,...**Why would you buy this presentation tool?**

Images really jump off the screen thanks to the high light output, the high native panel resolution and the True Color Reproduction processing.

Place the projector anywhere: in any position or at any distance from the screen. Display whatever source.

Plug 'n Play projection tool thanks to the Autoimage feature, the direct stacking, the motorized zoom, focus and lens shift, ...

Built to last design

Silent running prevents the attention of the audience being distracted from the presented.

**BARCO**

Visibly yours

**Product specifications****BarcoGraphics 6400**
