

# BarcoGraphics 6400i

The BarcoGraphics 6400i provides a unique solution for high-end visual presentations in boardrooms, conference rooms, training and education centres. High brightness (3,000 ANSI lumens), a new 600 Watt lamp design and state-of-the-art XGA polysilicon LCD panels, which ensures natural, uniform images with a remarkable level of color saturation. Thanks to its optional network capabilities, integration in the company network is easy, reducing the total cost of ownership.

## Product specifications

## BarcoGraphics 6400i

<b>Light output</b>	3,000 ANSI lumens
<b>LCD panels</b>	3 active matrix 1.8" diagonal <b>XGA</b> polysilicon LCD panels (1024 x 768 in 4:3 aspect ratio)
<b>Contrast</b>	> 450:1 (full white/full black) > 200:1 (5x4 ANSI checkerboard)
