

ScenergiX Controller 2 x 2

ScenergiX Controller 3 X 1

The ScenergiX Controller Series is a multi-display control device, allowing you to show a multitude of windowed inputs onto a set up of combined displays. Able to control both projection and daylight displays, the ScenergiX Controller addresses up to 4 output displays simultaneously.

Barco's ScenergiX Controller comes fully equipped with all necessary hardware and control software and is available in 2 x 1, 3 x 1 and 2 x 2 versions.
