

DISplayer Lite 7

7" screen with integrated media player for content visualization

The Barco dZine DISplayer Lite 7 combines a 7-inch display with an integrated DISplayer Lite media player. It's the perfect package for flexible scheduling of the right content at the right time and place.

Ideal for conference rooms

The 7-inch display is designed for specific applications such as visualizing scheduled events at the entrance of meeting or conference rooms. For this compact communication solution Barco dZine has designed a small and flexible media player, the DISplayer Lite.

Fully integrated

The players are part of an integrated signage eco-system to create, distribute and visualize content in a dynamic way. All components feature a long lifetime and longtime availability of spare parts. By combining the DISplayer series with our in-house developed software you have access to a fully integrated digital signage system that ensures 24/7 reliability and security.

BARCO

Visibly yours
