

RocketStor SMART Backup

HighPoint
Technologies, Inc.

The Intelligent Backup and Retrieval Solution

High Performance External Backups for Your PC

HighPoint's RocketStor SMART Backup is designed for the small business and media professional looking for a flexible, high-performance, and easy to use backup solution for personal and business data.

Developed specifically for desktop and workstation PC's and Windows operating systems, RocketStor is the ideal companion for the HighPoint RocketU 1144A, RocketU 1142A and RocketU 1022A USB 3.0 HBA's, and supports all generations of SATA hard drives and SSD's.

SMART backup Software Suite

Quickly and easily backup drives, folders or individual files with the RocketStor SMART Backup Software Suite. The intuitive, web-based interface provides a selection of backup schemes with intelligent data Management and Maintenance services.

- Intelligent and Intuitive Backup Solution Built-In
- Flexible Backup Schemes
- Data Compression feature optimizes drive capacity
- Configurable "Snap" Button for Instant Backup
- Timestamp Feature for Data Retrieval
- Dual-Independent SuperSpeed USB 3.0 connectivity Maximizes data transfer throughput
- Hot Swap and Hot Plug

Transfer rate	2xUSB 3.0 SuperSpeed, up to 10Gb/s
Enclosure Interface	2x USB 3.0
Supported Devices	2.5"/3.5" SATA 6Gb/s/3Gb/s HDD & 2.5" SSD
LED	2x HDD LED
Supported OS	Windows 7/Vista/2008 and Mac OS X
Weight	2.27 lbs(1.03kg)
Size	135mm (W) x 121mm (L) x 70mm (H)
Power Supply	Input: AC100-240V Output: DC + 12V 4.17A
Operating Temperature	0°C-50°C (working) / -20°C-70°C (storage)
UPC code	643653512218
Color	White

2x SuperSpeed USB 3.0

Dual-USB 3.0 bays ensure 5Gb/s performance for each device

SNAP: Instant Backups

Instant, hassle-free backups at your fingertips!

Pre-configure backup-sessions using the programmable SNAP button.

Flexible Backup Schemes

RocketStor Adaptive Backup

Adaptive Mode is a highly efficient, time-saving backup Scheme which intelligently monitors changes to the source drive or directories. The RocketStor will limit Adaptive Backup sessions to new or updated files.

Recover data with RocketStor Retrieve

RocketStor SMART Backup allows you to restore important files in the case of data loss or corruption using any existing backup session.

RocketStor SMART RAID

RocketStor SMART RAID Maximizes Drive Performance

RocketStor SMART RAID

2 x USB 3.0 SuperSpeed External RAID Solution for Mac Pro Platforms

HighPoint's RocketStor SMART RAID is a high-performance, external RAID storage solution designed specifically for use with Mac Pro Workstations and the OS X operating system. The RocketStor SMART RAID includes a dual-bay SuperSpeed drive dock and 2-Port USB 3.0 PCI-E 2.0 RAID controller, and supports all generations of SATA hard drives and SSD's.

The intuitive web-based Management interface allows you to quickly and easily configure RAID 0, 1, and JBOD arrays using high-performance SATA 6Gb/s HDD's and SSD's.

Dual-USB 3.0 SuperSpeed Performance

HighPoint's RocketStor SMART RAID is optimized for today's fastest SATA 6Gb/s Hard Drives and SSD's. The dual SATA 6Gb/s docking bays support all generations of 3.5" and 2.5" SATA Hard Drives and SSD's.

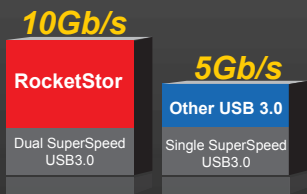

- **Dual-independent SuperSpeed USB 3.0 connectivity maximizes the performance potential of external Hard Drives and SSD's**
- **10Gb/s Transfer Bandwidth**
- **Built-In RAID Technology: RAID 0, 1 and JBOD**
- **Hot Swap and Hot Plug**
- **Supports any 2.5"/ 3.5" SATA 3.0 HDD/SSD**
- **Backwards compatible with SATA 2.0 / 1.0 drives**

2x SuperSpeed USB 3.0

Designed for Mac OS X

High-Capacity, Speed & Security

Works with any SATA HDD/SSD

Dual-USB 3.0 bays ensure 5Gb/s performance for each device

Designed specifically for use with Mac Pro Workstations and the OS X Operating System

Configure JBOD arrays using multiple 3TB SATA drives for high-density storage applications.

Secure important business or personal data against the threat of device failure with a RAID 1 array.

For the ultimate gaming and multimedia experience, configure RAID 0 arrays using SATA 6Gb/s SSD's.

The RocketStor SMART RAID supports all generations of 3.5" and 2.5" SATA Hard Drives and SSD's
