

## RocketStor 5212

Industry's First Dual-Bay Thunderbolt™ Powered Storage Dock

### Uncompromised 10Gb/s Storage Performance

#### Introducing the RocketStor 5212:

HighPoint's RocketStor 5212 is the industry's first dual-bay Thunderbolt™ powered Storage Dock!

The RocketStor 5212 delivers true, 10Gb/s transfer bandwidth for any Mac platform with Thunderbolt™ capability: ideal for performance-intensive storage applications including media editing, HD video playback, and high-speed external backup.

#### Dual-Bay External Storage Solution for any Thunderbolt™ Capable Mac Platform

The RocketStor 5212 is the ideal, high-performance external storage solution for current generation MacBook portables, iMac desktops and Mac mini platforms with built-in Thunderbolt™ connectivity. The uncompromised 10Gb/s performance bandwidth and modular SATA bays support any industry standard 2.5" & 3.5" SATA SSD and hard drive.

The RocketStor 5212, like all RocketStor storage docks, benefits from HighPoint's persistent compatibility testing, which

ensures full compliance with all current and upcoming SATA storage devices, including today's fastest 6Gb/s SSD's and high-capacity 4TB hard drives.

#### SMART Clone Storage Software – Free Upgrade

HighPoint's revolutionary SMART Clone Storage Software Solution transforms any RocketStor Storage Dock into a powerful all-purpose backup and disk cloning solution!

The SMART Clone application can duplicate any drive or partition to the disk of your choice, at up to twice the speed of ordinary backup utilities!

The bootable, user-friendly interface works with any computing platform, and provides three easy to use duplication functions: Clone Image (create a duplicate of a disk or partition and save as an .iso image), Clone Mirror (clone a disk or partition to another disk or partition), and Restore (use a Clone Mirrored image to restore a corrupt drive).

#### Feature Highlights

- Industry's first Dual-bay Thunderbolt™ Storage Dock!
- Compatible with any Thunderbolt™ Capable Mac Platform
- SMART Clone Storage Solution

The RocketStor 5212's unique architecture ensures optimal performance for each SATA bay: ideal for dual-SSD configurations.
