

■ ■ PICO USB Drives

Super Talent's patented PICO USB drives pack huge capacities into a tiny case. Half the size of an SD card, each PICO drive is smaller than the plug at the end of a USB cable! But tiny does not have to mean fragile or slow. Encased in a sleek and solid metal housing, no-compromise PICO drives are shock- and water-resistant to hold up under harsh conditions. And we didn't forget to include zippy transfer speeds up to 200x. Our line of PICO USB drives have won over 80 awards to date including being featured on the cover of Popular Science magazine.
