

## ■ Green Line

### 4GB VLP DIMM and 8GB Dual Channel Kit

The Green Line is tuned for extremely fast clock speeds, low latencies, low power consumption and a very low profile (0.72" tall) on H55 based Core i5 and Core i7 systems. These unbuffered modules are hand tested in the latest Core i7 motherboards in a dual channel configuration to guarantee bone jarring performance combined with cost cutting design.
