

Electronic Hour Meter Miniature AC Dual Voltage & Frequency, Series T51

*T51K1 Series Quartz
AC Hour Meter*

*T51L1 Series Quartz
AC Hour Meter*

ENM's new series T51 electronic AC hour meter is a low cost reliable hour meter incorporating the latest state-of-the-art in electronics. Its quartz crystal time base insures accurate long term time keeping. A reliable electromechanical wheel-type indicator is used to store accumulated hours. This compact tamperproof meter is sealed against the environment to provide years of service.

The T51 elapsed time indicator was designed for use on test and recording equipment, providing maintenance control, establishing warranty programs, measuring machine utilization and production time, or for any application where time-in-use is to be determined.
