

Comark C12 HACCP Thermometer

Colour coded
to reduce risks

C12 HACCP thermometer is available in five colour options, ideal for catering, food service and other food uses where colour coding could reduce the risks from cross-contamination.

The C12 range of colours can be included in your HACCP procedures - just choose from the colours supplied with your thermometer.

A penetration probe and an air probe are supplied with the thermometer, ready for use straight away.

- **Choice of five HACCP colours** for use with different food types
- **Large LCD** easy to read display
- **Auto switch-off** conserves battery life
- **Thermistor** for applications requiring higher accuracy
- **Penetration and Air Probes** are supplied with the instrument ready for instant use
- **Single button** for ease of operating
- **°C Scale**

Comark uses BioCote®, the only antimicrobial solution to be awarded HACCP International Certification, to provide an important extra level of defence against

Comark is the leading manufacturer and supplier of a wide range of electronic measurement instruments for temperature, humidity, pressure and pH.

Temperature Measurement	
Sensor Type	Thermistor
Connector	3.5mm Jack
Measurement Range	-40°C to +125°C
Scales	°C
Displayed Resolution	0.1°
System Accuracy at +23°C	±0.5°C -20°C to +70°C
Display	4 digit, 12.5mm LCD
Operating Range	-20°C to +50°C
Battery Type	2 X Type IEC LR6 Size AA
Battery Life	Up to 5 years
Dimensions	L 152mm x W 58mm x D 22/27mm

Technical Specification

WARRANTY

All Comark instruments have a minimum one year warranty unless otherwise stated. The warranty period for temperature probes is for six months and all other probes and electrodes are unwarranted because the conditions of use are beyond our control. The Comark warranty covers manufacturing defects and component failures on all products returned to Comark premises and applies worldwide. The warranty does not affect your statutory rights. In line with our policy of continuous development we reserve the right to alter any product specifications without notice. All products are covered by our Quality Management System which is compliant with BS EN ISO 9001:2008 for the design, manufacture, supply, service, repair and recalibration of electronic measuring instruments and equipment.

BIOCOTE®

Selected Comark thermometers, probes and data loggers have BioCote's silver technology incorporated into instrument cases and probe handles at the time of manufacture. The antimicrobial finish inhibits the growth of bacteria, reducing the risk of cross-contamination and infection in the environment. BioCote® has been officially recognised for its benefits within the food industry with HACCP International Certification. HACCP International Certification supports organisations that demonstrate food safety excellence in non-food products that are designed for, or are commonly used in, the food industry. BioCote® is the only antimicrobial solution to be awarded HACCP International Certification.
