

Comark C20 Thermometer

Ideal for catering and foodservice environments, the C20 Food Thermometer has a simple single button operation for ease of use.

Housed in a robust case with built-in protective rubber boot, it is an economical choice for reliable and accurate temperature measurements

The Comark C20 answers the needs of users who don't wish to pay for features they'll never use and who simply need a well-designed, economically priced thermometer to check temperatures within defined limits.

- **Long battery life** of up to five years saves on operating costs
- **Secure Lumberg Connection** a wide range of Comark probes
- **Large LCD** easy to read display
- **Auto switch-off** conserves battery life
- **Thermistor sensor** for higher accuracy
- **Single button** for ease of operation
- **°C Scale**
- **Built-in protective boot** no dirt traps, no separate boot to clean
- **Dust and splashproof case**

Comark uses BioCote®, the only antimicrobial solution to be awarded HACCP International Certification, to provide an important extra level of defence against cross-contamination.

Comark is the leading manufacturer and supplier of a wide range of electronic measurement instruments for temperature, humidity and pressure.

Temperature Measurement	
Sensor Type	Thermistor
Measurement Range	-40°C to +125°C
Scales	°C
Displayed Resolution	0.1°
System Accuracy at +23°C	±0.5°C -20°C to +70°C

General	
Operating Range	-20°C to +50°C
Display	4 digit, 12.5mm LCD
Battery Type	2 x Type IEC LR6 Size AA Customer Replaceable
Battery Life	Up to 5 years
Weight	178g
Dimensions	Length 152mm, Width 58mm, Depth 22/27mm

Technical Specification

WARRANTY

All Comark instruments have a minimum one year warranty unless otherwise stated. The warranty period for temperature probes is for six months and all other probes and electrodes are unwarranted because the conditions of use are beyond our control. The Comark warranty covers manufacturing defects and component failures on all products returned to Comark premises and applies worldwide. The warranty does not affect your statutory rights. In line with our policy of continuous development we reserve the right to alter any product specifications without notice. All products are covered by our Quality Management System which is compliant with BS EN ISO 9001:2008 for the design, manufacture, supply, service, repair and recalibration of electronic measuring instruments and equipment.

BIOCOTE®

Selected Comark thermometers, probes and data loggers have BioCote's silver technology incorporated into instrument cases and probe handles at the time of manufacture. The antimicrobial finish inhibits the growth of bacteria, reducing the risk of cross-contamination and infection in the environment. BioCote® has been officially recognised for its benefits within the food industry with HACCP International Certification. HACCP International Certification supports organisations that demonstrate food safety excellence in non-food products that are designed for, or are commonly used in, the food industry. BioCote® is the only antimicrobial solution to be awarded HACCP International Certification.
