

RM90D-AR-LED

*Type of connector

M = Modular

90D = Dual USB port

AR = Right angle

FEATURES:

- Metal shield provides EMI suppression
- LED display with RJ45
- Mates with standard RJ45 plug and USB plug

ELECTRICAL:

- Current rating: 2 AMP maximum
- Insulation resistance: 500 Megohms minimum
- Contact resistance: 30 milliohms maximum
- Dielectric withstanding voltage: 500 VAC
- Operating temperatures: -55°C to +85°C

MATERIALS:

- Housing: UL94V-0 / PBT glass filled
- Color: Black
- Contacts: Phosphor bronze
Gold plating on contact area
- Tails: Phosphor bronze
Tin plating on solder tail area
- Shield: Nickel plating over brass.
