

# 54 W DCDC converter with 11 outputs

## Description

This 54 W multiple outputs open frame DCDC converter is designed for scientific equipment.

## Specifications

- Product name: LPB
- Input voltage: 330...400 Vdc or 36...50 Vdc
- Output V1-V4: +48 V / 100 mA
- Output V5: +48 V / 250 mA
- Output V6: +12 V / 70 mA
- Output V7: +6 V / 1000 mA
- Output V8: +5 V / 5000 mA
- Output V9: +3.3 V / 5000 mA
- Output V10: +2.5 V / 1300 mA
- Output V11: +1.8 V / 850 mA
- RS485 (modbus) interface
- Monitoring of all outputs
- Protections: Over voltage, Overcurrent, Thermal
- Temperature range: 0...50 °C

## Applications

- Industrial and scientific applications
