

120W 24V ACDC Power Supply

Description

This 120W rack mounted ACDC Power supply is designed for industrial applications. The unit provides a programmable output voltage of 1.5...24V.

Specifications

- Product name: PRA12024A
- Input voltage: 90...264Vac; 50/60Hz
- Holdup time: >20ms
- Output: 1.5...25V/5A
- Programming voltage ratio: $V_o = 3.36 \times V_{prog}$
- Remote: On/Off
- Efficiency: 88%
- MTBF: >400000hrs
- Safety: EN 60950, EN61010
- EMC: EN55011 class B
- Cooling: free air convection
- Protections: Over voltage, Overcurrent, Thermal
- Temperature range: 0...55°C (derating -3%/°C up to 70°C)
- Dimensions: 3HE x 12TE x 160mm

Applications

- Industrial applications
