

# 150 W DCDC powersupply

## Description

This 150 W DCDC Power supply is designed for landbased military portable radar systems.

## Specifications

- Product name: VPS150
- Input voltage: 20...33 Vdc
- Output voltage: 180 Vdc / 0.92 A
- Efficiency: 89 %
- Safety: EN 60950, MIL-STD-454M
- EMC: MIL-STD-461D; EN55011
- Protections: Overvoltage, Overcurrent, Thermal
- Temperature range: -40...55 °C
- Weight: < 2.7 kg
- MTBF: > 250000 hrs (GF)
- Protection class: IP67
- Dimensions: 210 x 176 x 93 mm

## Applications

- Military
