

Ultra small size Adjustable output high voltage power supply
2.5W to 3W Mid-high voltage DC-DC converter
0V to 180V, 300V, 350V MHV Series

The MHV series is the first high voltage power supply in the industry to use the latest SMT (surface mount technology) making the size 1/5 to 1/6 of the normal product, with an adjustable output voltage type mid-high voltage DC-DC converter. Output voltage can be controlled using an external voltage or external resistor. The MHV series has adopted a 5 sided metallic shield, with lower ripple and lower noise.
