

Adhesive labels for plates and tags, thermal transfer

• Material 1211 (Yellow)

Features and Benefits

These labels are specially tailored to the sizes used in the IT marking tie and IMP tag range.

The flexible material sticks to the marking tie or tag, even on rounded surfaces. Using unique numbering, graphics, or barcodes the labels give excellent asset identification possibilities. This solution produces professional marking of tubes, pipes, cables and other parts.

For problem-free printing, we recommend Tagprint Pro software, and TT4000+ and TT420+ printers.

Recommended ribbons: TTRD

Identification ties and tags.
